

AARON SMITH AND THE MAGIC DEPOT PRESENT

# Boxing Ring Undefeated!

**ROUND TWO! Boxing Ring Undefeated is armed with my all-new bonus UPPERCUT instructions!** Pure visual impact that lands a fatal blow. Killer displays of eye candy produce the audience reactions you crave! **A borrowed ring is placed inside a ring box bound with a long silk cord.** A second silk cord is used to conjure the ring as it

appears linked on the string. The ring vanishes, appears, and penetrates the silk several times. Suddenly the ring vanishes COMPLETELY! But the spectator unties the box to reveal the ring still safely inside! **Get these folks**

**some medical attention and take their ring-side seat!**

Without even the slightest tradeoff, the moves naturally angle the dirty work out of view. Of course, you're not that dirty in the first place. I cut the fat and became lean over the years.

- **Now with pocket-free handling!**
- **Perform magic you didn't think possible!**
- **Perfect for restaurant work, my venue of choice!**
- **It won't be knocked out of the ring this century!**

My new instructions guide you through step by step. The special silk cords are gimmicked, but inspectable without switches, magnets, or clasps! **Knock 'em COLD Today!**

**Boxing Ring Undefeated is Yours for Only**
